

Donations instead of presents: Dürr Group supports UNICEF with Christmas donation

Bietigheim-Bissingen, December 7, 2021—In line with its motto ‘Donations instead of presents’, the Dürr Group will not be giving Christmas presents to customers or business partners again this year and will, instead, be donating €50,000 to the children’s charity UNICEF. The money will benefit the worldwide nutrition programs of the UN aid agency.

“Being a world-leading mechanical and plant engineering firm, we carry a particular social responsibility,” explains Ralf W. Dieter, CEO of Dürr AG. “That’s why we have always supported various social projects and organizations through donations. It is especially around Christmas that we want to help children in need and give them a chance for a better future.”

In addition, the Dürr Group will once again participate in the ‘Aktion Weihnachten’ Christmas campaign run by the ‘Stuttgarter Nachrichten’ newspaper by making a €2,000 donation. This charity campaign provides financial support to people in need in the Stuttgart region whose lives have been knocked off course by illness, unemployment, or family problems.

About UNICEF

UNICEF is active in over 190 countries worldwide. For more than 70 years now, the United Nations’ children’s charity has been implementing effective programs and exerting political influence to ensure that children are well cared for, can go to school, and are protected against violence.

This publication has been prepared independently by Dürr AG/Dürr group. It may contain statements which address such key issues as strategy, future financial results, events, competitive positions and product developments. Such forward-looking statements are subject to a number of risks, uncertainties and other factors, including, but not limited to those described in disclosures of Dürr AG, in particular in the chapter “Risks” in the annual report of Dürr AG. Should one or more of these risks, uncertainties and other factors materialize, or should underlying expectations not occur or assumptions prove incorrect, actual results, performances or achievements of the Dürr group may vary materially from those described in the relevant forward-looking statements. These statements may be identified by words such as “expect,” “want,” “anticipate,” “intend,” “plan,” “believe,” “seek,” “estimate,” “will,” “project” or words of similar meaning. Dürr AG neither intends, nor assumes any obligation, to update or revise its forward-looking statements regularly in light of developments which differ from those anticipated. Stated competitive positions are based on management estimates supported by information provided by specialized external agencies.

Our financial reports, presentations, press releases and ad-hoc releases may include alternative financial metrics. These metrics are not defined in the IFRS (International Financial Reporting Standards). Net assets, financial position and results of operations of the Dürr group should not be assessed solely on the basis of these alternative financial metrics. Under no circumstances do they replace the performance indicators presented in the consolidated financial statements and calculated in accordance with the IFRS. The calculation of alternative financial metrics may vary from company to company despite the use of the same terminology. Further information regarding the
