

Dürr Group donates €150,000 to non-profit organizations in Bietigheim-Bissingen

Bietigheim-Bissingen, May 23, 2023 — The Dürr Group supports non-profit organizations and associations in Bietigheim-Bissingen with a donation of €150,000 in total. The company thus continues a long-standing tradition. The total amount will benefit various local initiatives in the fields of education, sports, social affairs, and culture.

“As the largest employer in the town of Bietigheim-Bissingen, our company is deeply rooted in the region,” says Dr. Jochen Weyrauch, CEO of Dürr AG. “We see ourselves as part of the community and want to actively and effectively shape it. Therefore, we are especially committed to providing financial support for the work of local non-profit organizations. Often, the projects are only possible thanks to the efforts of volunteers, whose commitment makes an irreplaceable contribution to community welfare. They deserve my utmost respect.”

The largest single donation goes to the organization of the family and music festival “Bietigheimer Wunderland” [“Bietigheim Wonderland”]. The community foundation, the hospice foundation, the deaconry foundation, and the “Tafel” food bank are supported as well. The funds also benefit the promotion of young talent in music and sports, as well as the mentoring system for the transition to the labor market — a program to improve the training opportunities of young people in need of support.

The Dürr Group’s social commitment is not limited to Bietigheim-Bissingen. Last year, the mechanical and plant engineering firm donated a total of around €800,000 to charitable projects around the world.

This publication has been prepared independently by Dürr AG/Dürr group. It may contain statements which address such key issues as strategy, future financial results, events, competitive positions and product developments. Such forward-looking statements are subject to a number of risks, uncertainties and other factors, including, but not limited to those described in disclosures of Dürr AG, in particular in the chapter "Risks" in the annual report of Dürr AG. Should one or more of these risks, uncertainties and other factors materialize, or should underlying expectations not occur or assumptions prove incorrect, actual results, performances or achievements of the Dürr group may vary materially from those described in the relevant forward-looking statements. These statements may be identified by words such as "expect," "want," "anticipate," "intend," "plan," "believe," "seek," "estimate," "will," "project" or words of similar meaning. Dürr AG neither intends, nor assumes any obligation, to update or revise its forward-looking statements regularly in light of developments which differ from those anticipated. Stated competitive positions are based on management estimates supported by information provided by specialized external agencies.

Our financial reports, presentations, press releases and ad-hoc releases may include alternative financial metrics. These metrics are not defined in the IFRS (International Financial Reporting Standards). Net assets, financial position and results of operations of the Dürr group should not be assessed solely on the basis of these alternative financial metrics. Under no circumstances do they replace the performance indicators presented in the consolidated financial statements and calculated in accordance with the IFRS. The calculation of alternative financial metrics may vary from company to company despite the use of the same terminology. Further information regarding the alternative financial metrics used at Dürr AG can be found in our [financial glossary](#) on the web page.
