

Press release

iTAC records sales growth of over 20 percent and expands management team

Martin Heinz is a new member of the Management Board of iTAC Software AG

Montabaur, 09 January 2020 – With effect as of January 1, 2020, Martin Heinz was appointed to the Management Board of MES manufacturer iTAC Software AG (www.itacsoftware.com). Martin Heinz has been working with iTAC since 2003 - including more than 10 years in managing positions. In the future, he will continue to work with Peter Bollinger (CEO) and Stefan Brügge (CFO) on the alignment and expansion of the expanding software specialist's market position. The Management Board now counts three members. At the same time, Martin Heinz has been a member of the management of the iTAC subsidiary DUALIS GmbH IT Solution since March 2017 and continues to hold this position.

iTAC Software AG, a subsidiary of the Dürr Group, is the leading manufacturer of a Manufacturing Execution System (MES) and associated IoT solutions for Industry 4.0.

"Due to the increasingly high demand for intelligent MES and IoT solutions for transparency, efficiency and automation in the manufacturing industry, we recorded sales growth of more than 20 percent in 2019 compared to the previous year", explains Peter Bollinger, CEO of iTAC Software AG, and adds: "By strengthening the Management Team, we are positioning ourselves even more strongly for further expansion".

With the appointment of Martin Heinz, iTAC is relying on a long-standing management personality from its own ranks. Since 2011, he has been responsible for the German-speaking region (DACH) as General Manager and will continue to perform this task.

Martin Heinz explains: "We have already planned some new topics and functional content for 2020. The focus remains on supporting industrial companies in implementing networked, transparent and economical production processes - for example, with our closed-loop approach in the integration of simulation, APS and active MES for the permanent optimization of production sequences and processes."

Martin Heinz, new Member of the Management Board of iTAC Software AG

About iTAC

iTAC Software AG, a stand-alone company of mechanical and plant engineering group Dürr, offers Internet-enabled information and communication technologies for the manufacturing industry. Founded in 1998, the company is now a leading MES manufacturer. The iTAC.MES.Suite is a manufacturing execution system used worldwide by companies in various sectors, including the automotive, electronics/EMS, telecommunications, medical technology, metals and energy industries. Further systems and solutions for implementing IIoT and Industry 4.0 requirements complete the portfolio. iTAC Software AG is headquartered in Montabaur, Germany with offices in the USA, China and Japan, and has a worldwide partner network for sales and service. iTAC's philosophy is to connect people, data and systems.

The Dürr Group is one of the world's leading mechanical and plant engineering companies with outstanding expertise in the fields of automation and digitalisation/Industry 4.0. Dürr products, systems and services facilitate highly efficient manufacturing processes in various industries. Dürr supplies many industries, including the automotive, mechanical engineering, chemical, pharmaceutical and wood processing sectors. The company has 92 locations in 32 countries and 16,500 employees worldwide.
